

Letter of support

On behalf of the charity IntrasonusUK, please accept this letter of support for Sandrine Monin regarding the project *Feathers*.

At IntrasonusUK, we are committed to creating a better world through education, research, development of bold ideas and innovative site-specific projects. Our charity is particularly interested in supporting arts projects and artists who use their skills and imagination to champion inclusivity, creativity and wellbeing.

Choreographer Sandrine Monin and her project *Feathers* aligns with our vision and goals; this project is relevant and forward-thinking. Having witnessed previous collaborative works created by Sandrine and composer Roberto Rusconi, we believe in their artistic talent, expertise and philosophy to bring such vision to fruition and offer significant impact in the communities they will reach out to.

We greatly look forward to participating in this project and hope to enhance it by adding our views on fight for climate change and sustainability to it.

Sincerely,

Tim Banquero
